# NEW!

## 500G SCREW THREAD GREASE CARTRIDGES

*Quicker, Easier, Cleaner  
and more efficient to use!*

Created for use in SR and similar  
screw thread grease guns.

# QUALITY AND INTEGRITY IN EVERYTHING WE DO...

The new 500g screw thread grease cartridges have been designed to make application of grease quicker, cleaner and more efficient in a wide variety of applications. All you need to do is unscrew the cap, then screw in the cartridge, prime the gun and you are ready to go. The two handed grease gun is sturdier and more efficient to use making sure it lasts longer. It also has anti slip handles improving performance. You can view exactly how much of the cartridge has been used meaning that no grease goes to waste.

## GB UNIGREASE® LEP2

Premium quality multi-purpose lithium grease, incorporating extreme pressure additives for use in all plain and anti-friction bearings subjected to high load conditions.

Formulated for use in industrial and automotive applications where extreme pressure performance is required and offers the following features:

- Mechanical stability
- Oxidation stability
- Load-carrying properties
- Resistance to shock loads
- Anti-wear performance
- Corrosion protection
- Low oil-separation
- Wide operating temperature range

## GB UNIGREASE® LXEP2

Premium quality multi-purpose lithium complex grease, for use in all plain and anti-friction bearings. Its exceptional performance can provide extended lubrication intervals, even under arduous conditions and wider operating temperature ranges.

Formulated for use in industrial and automotive applications and offers the following features:

- Mechanical stability
- Oxidation stability
- Thermal stability
- Load-carrying properties
- Anti-wear performance
- Water resistance
- Corrosion protection
- Adhesive properties
- Wide operating temperature range
- Red colour for identification

Suitable for use in the following applications:

AGRICULTURAL

COMMERCIAL  
VEHICLE

OFF HIGHWAY

FORESTRY

AUTOMOTIVE
